

QUIZ

“HOW TO MEET SOMEONE ONLINE SAFELY”

AIM:

The method uses a short quiz to open up the topic of meeting people on social networks and raises the issues of safe usage, communication, and mutual respect in the online environment.

TYPE OF ACTIVITY:

lead-in activity

TARGET GROUP:

group size: 5 to 30 participants
age: 15–25 years
gender: not relevant

DURATION:

- ▶ The recommended duration of the entire activity is 30 minutes.

ACCESSIBILITY:

- ▶ working with a smart device (unless you opt for a different voting method)

MATERIALS:

- ▶ projector
- ▶ screen
- ▶ Quiz 1 (in appendix)

PROCESS:

Project the quiz on the screen. Participants vote using smart devices or by raising their hands. You can also print the quiz out and have participants complete it on paper.

Go through the quiz question by question together with the students and comment on them according to the instructions. Each question that is answered can be followed by a short discussion. If you use the app, you can see how many participants answered correctly. In the end, you can declare a winner/winners.

REFLECTION:

At the end of the activity, ask participants whether they have learned something new. Invite participants to ask any follow-up questions.
