1. MILA AND TONY

Do you know what you look like?

You look like my future boyfriend.

I'm not seeing anyone right now.

My last boyfriend died of a heart attack.

Because of too many orgasms ;)

Just kidding.

But I've had a few boyfriends already so I have enough experience.

It doesn't matter. I had a boyfriend who was a virgin and we made it work just fine.

He had a terrible breath so I had to break up with him.

The sex wasn't that great anyway. But my last boyfriend...

But I had to break up with him too because he already really wanted children. You don't want kids, do you?

That's good, I don't want kids either. But I'd love to practice making them with you ;)

I'm really good at it. Do you know how many guys I've had?

Ten.

So, would you send me a picture? Like so that I know what to expect.

Well, I meant like your little Tonyd.

Why not?

I'm getting a little bored with you, you should do something about it...

Dunno. What?

Well, you're not wasting any time.

Hmmm. Me neither.

For real?

Hmmm.

Yeah, I get it.

That's not my case so far.

That sounds good.

Hmmm.

I only had one girlfriend so far.

Well, I haven't really thought about that yet.

Well I don't know.

I don't know, maybe I don't even want to know.

Hmmm.

My photo is on my profile. I don't think I have a better one.

I don't think so.

I'm not really into this. Can't we just write about what we like?

2. VLÁĎA AND SOŇA

You have a nice profile pic

Yeah, I train every week. How tall are you?

About?

But how do you calculate your BMI index without knowing your height?

Why not?

So you know if you're healthy! How much do you weigh?

But you should know that, especially since you're a girl :) Can you go weigh yourself now?

Looking at your profile picture, I'd say there's still some room for improvement.

Maybe not completely overweight. Have you weighed yourself yet?

But I'd like to know.

Have you weighed yourself yet?

Come on, let's go.

According to the BMI index you're still in the norm but it's getting too close to the edge!

Look, I could give you a few tips on some books with exercises. I'm sure it would be good for you if you strengthen your buttocks and belly.

Or there's a good YouTube channel that could help you with your problem.

Thanks. It's cool that you're into karate.

I'd like to try it sometimes. About 172.

I haven't measured myself since primary school and I might not remember it exactly. I never really needed it..

I've never done that.

And why yes?

I don't know, I haven't weighed myself in a long time.

I feel fine.

You mean you think I'm overweight?

No, I don't feel like doing that now.

On my way to the bathroom.

71.

But I'm seriously feeling fine.

I probably wouldn't use that.

I think my only problem is you...

3. MIRO AND STAN

We've been texting for two months already and I'm kind of wondering what you look like. I can't see much on your profile picture. Could you send me a picture of your face? I promise I won't share it.

And can't you at least tell me more about what you look like?

I'm sorry if I offended you by asking for a photo. I would send you mine in return. But if you don't want to, I can wait.

Do you want to chat about something?

Let me know when you're in the mood.

I don't want to force you into anything.

I do want to chat with you. I'd even be happy to exchanged photos. Decent ones, of course

Why?

I'm not writing you because of your look.

Sorry if I offended you somehow. I won't open it anymore.

Listen, I put your profile photo in a program that finds the sources of photos and it's some Romanian model. Is that you? Or it's fake?

I just don't know what to think. You're being so mysterious. What if you're not sixteen at all?

No.

silent

Okay.

Dunno.

So you don't want to chat?

You're not forcing me. Why don't you want to chat? I thought we're getting along well and that there could be something more.

I don't want that.

If I send you my photo, you'll think I'm gross and you won't want to chat with me anymore, like everyone else. Why would a handsome guy like you chat with someone like me?

silent

Okay.

Are you looking me up? You don't trust me or what?

I'm disappointed in you. You just lost maybe the best guy you could have found. Just because you can't trust and you need to snoop.

4. EMI AND KÁJA

I really enjoy chatting with you

I just feel like there's a lot I don't know about you.

Like where you live.

But Brno is quite big. Do you live in the center or the suburbs?

If we ever wanted to meet up, so that I know where could it be.

And why not your or my place?

So if I wanted to meet you at a coffee shop, would you say yes?

But you like chatting with me, right?

So you don't want to see each other?

So that's how it is.

You're not serious about our relationship.

You know true love right away.

How long do you want to wait?

I'm not pushing you, I just need an explanation. Is there something you don't like about me?

Same here.

Like what?

I told you, I live in Brno.

Why does it matter?

If we met, it would be somewhere in a cafe in the center, wouldn't it?

That doesn't really seem safe to me, I don't know you and you don't know me.

I don't know, I feel like it's still a little early..

Yeah, but I'd rather take my time, I got burned a few times in relationships so I don't want to rush anything, you know.

Not yet. For now, I like chatting with you.

What do you mean?

I didn't say that. But we've only been writing for a week and that seems like a too-short time to move on.

Like I said, I don't want to rush things.

Why are you pushing me like that?

Up until now, everything was fine.
